

Broadband Information Sheet

Questa Public Library

In support of the State's Procurement Optimization Model Selection, the New Mexico Public Education Department (PED) is sponsoring Statewide Price Agreement Awards aimed to provide more affordable Internet Access Services for NM Public Schools, including Charter Schools, and Libraries.

This sheet consolidates available broadband data, specific to your hub location(s), in preparation for the upcoming 2017 E-rate cycle competitive quoting process for Internet Access Services. **If you did not receive a quote, have a location stated in error, or have a new location needing a quote, please be aware that awarded Providers may change or add service locations as indicated in their existing price agreements.**

Data Sources for this report include: 1) Statewide price agreement awards which are monthly quotes by location (not to exceed amounts) under RFP # 70-000-16-00013 for Educational Institutions, and Libraries, 2) 2016 E-rate data for costs and 1Mbps per student goal tracking, and 3) New Mexico Broadband Program's data repository for provider and mapping data. Please be aware that these data sources exist mostly through self-reporting mechanisms and may be somewhat outdated or incorrect, despite our best efforts to ensure accuracy.

Internet Access Service Quotes by Location
